

Lab HTML2

Due: 11:59 pm, Thursday, September 7, 2017. Submit through Canvas.

Instructions:

- **No late submission** will be accepted.
- Your web page **MUST run** in major browsers without error.
- The submission should include one HTML file.
- Use HTML2 + dash + your full last name (with first letter capitalized and all other lower case) + capitalized first letter of your first name as the name of the HTML file. No space or other special character is allowed in the name. For instance, for me, the name of my webpage should be **HTML2-DingW.html**. **Violation of naming requirement will result in 3 points cut.**
- At the very beginning of the HTML file, using the HTML comment tag, i.e. `<!-- comments -->`, you should write your full name, the course number and course name (i.e. COP 3834C-01 Web Application Development), and the name of lab, e.g. HTML2. **Without this information, 5 point will be deducted.**

Subject

Write a complete webpage that is primarily made of a table with four columns (fixed) and at least four rows, including the header row. The header row should be fixed as shown in the following diagram, do not change these columns. The table must show the partial sale of a local supermarket on a certain day. The table should look like the diagram below. The Sale column should use unit of either count or pound (for weight). The Revenue column value should be product of corresponding values of Price and Sale columns.

In at least one row(s), insert an unordered list to every cell of that row, each list item represent an item in subcategory of the cell item. All lists must contain at least three items. For example, if the cell item is coffee, the list can be Colombian, Blue Mountain, or Java. The following table demonstrates a partial example of the table. Do NOT copy the example in the following diagram, i.e. make your own list.

Goods	Price	Sale	Revenue
Egg	\$2.79	782	\$2,181.78
Coffee			
<ul style="list-style-type: none"> • Colombian 	<ul style="list-style-type: none"> • \$7.49 	<ul style="list-style-type: none"> • 15 	<ul style="list-style-type: none"> • \$112.35
<ul style="list-style-type: none"> • Blue Mountain 	<ul style="list-style-type: none"> • \$6.69 	<ul style="list-style-type: none"> • 20 	<ul style="list-style-type: none"> • \$133.80
<ul style="list-style-type: none"> • Java 	<ul style="list-style-type: none"> • \$6.82 	<ul style="list-style-type: none"> • 10 	<ul style="list-style-type: none"> • \$68.20

Add the title of the page at the top middle of the webpage with considerably larger font.
